Government Money Market Funds

Wells Fargo Fund	Institutional Class
Wells Fargo Government Money Market Fund	GVIXX
Wells Fargo Treasury Plus Money Market Fund	PISXX
Wells Fargo 100% Treasury Money Market Fund	WOTXX

Beginning on January 1, 2021, as permitted by new regulations adopted by the Securities and Exchange Commission, paper copies of the Wells Fargo Funds' annual and semi-annual shareholder reports issued after this date will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Funds' website, and you will be notified by mail each time a report is posted and provided with a website address to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically at any time by contacting your financial intermediary (such as a broker-dealer or bank) or, if you are a direct investor, by calling 1-800-222-8222 or by enrolling at wellsfargo.com/advantagedelivery.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports; if you invest directly with the Fund, you can call 1-800-222-8222. Your election to receive reports in paper will apply to all Wells Fargo Funds held in your account with your financial intermediary or, if you are a direct investor, to all Wells Fargo Funds that you hold.

As with all mutual funds, the U.S. Securities and Exchange Commission ("SEC") has not approved or disapproved these securities or passed upon the accuracy or adequacy of this Prospectus. Anyone who tells you otherwise is committing a crime.

Fund shares are NOT deposits or other obligations of, or guaranteed by, Wells Fargo Bank, N.A., its affiliates or any other depository institution. Fund shares are not insured or guaranteed by the U.S. Government, the Federal Deposit Insurance Corporation or any other government agency and may lose value.

Government Money Market Fund Summary

Investment Objective

The Fund seeks current income, while preserving capital and liquidity.

Fees and Expenses

These tables are intended to help you understand the various costs and expenses you will pay if you buy and hold shares of the Fund.

Shareholder Fees (fees paid directly from your investment)

Maximum sales charge (load) imposed on purchases (as a percentage of offering price)	None
Maximum deferred sales charge (load) (as a percentage of offering price)	None

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

Management Fees	0.13%
Distribution (12b-1) Fees	0.00%
Other Expenses	0.09%
Total Annual Fund Operating Expenses	0.22%
Fee Waivers	(0.02)%
Total Annual Fund Operating Expenses After Fee Waivers¹	0.20%

1. The Manager has contractually committed through May 31, 2020, to waive fees and/or reimburse expenses to the extent necessary to cap the Fund's Total Annual Fund Operating Expenses After Fee Waivers at the amounts shown above. Brokerage commissions, stamp duty fees, interest, taxes, acquired fund fees and expenses (if any), and extraordinary expenses are excluded from the expense cap. Prior to or after the commitment expiration date, the cap may be increased or the commitment to maintain the cap may be terminated only with the approval of the Board of Trustees.

Example of Expenses

The example below is intended to help you compare the costs of investing in the Fund with the costs of investing in other mutual funds. The example assumes a \$10,000 initial investment, 5% annual total return, and that fees and expenses remain the same as in the tables above. To the extent that the Manager is waiving fees or reimbursing expenses, the example assumes that such waiver or reimbursement will only be in place through the date noted above. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

After:

1 Year	\$20
3 Years	\$69
5 Years	\$122
10 Years	\$278

[Back To Table of Contents](#)

Principal Investment Strategies

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not a deposit of Wells Fargo Bank, N.A. or its affiliates and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time. The Fund is primarily subject to the risks briefly summarized below.

Credit Risk. The issuer or guarantor of a debt security may be unable or perceived to be unable to pay interest or repay principal when they become due, which could cause the value of an investment to decline and a Fund to lose money.

Interest Rate Risk. When interest rates rise, the value of debt securities tends to fall. When interest rates decline, interest that a Fund is able to earn on its investments in debt securities may also decline, but the value of those securities may increase.

Management Risk. Investment decisions, techniques, analyses or models implemented by a Fund's manager or sub-adviser in seeking to achieve the Fund's investment objective may not produce expected returns, may cause the Fund's shares to lose value or may cause the Fund to underperform other funds with similar investment objectives.

Market Risk. The values of, and/or the income generated by, securities held by a Fund may decline due to general market conditions or other factors, including those directly involving the issuers of such securities. Securities markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments.

Money Market Fund Risk. The Fund's yield will change based on changes in interest rates and other market conditions. Because the Fund invests in short-term instruments, the Fund's dividend yields are expected to be low when short-term market interest rates are low.

Repurchase Agreement Risk. In the event that the counterparty to a repurchase agreement is unwilling or unable to fulfill its contractual obligations to repurchase the underlying security, a Fund may lose money, suffer delays, or incur costs arising from holding or selling the underlying security.

U.S. Government Obligations Risk. U.S. Government obligations may be adversely impacted by changes in interest rates, and securities issued or guaranteed by U.S. Government agencies or government-sponsored entities may not be backed by the full faith and credit of the U.S. Government.

Tax Information

Any distributions you receive from the Fund may be taxable as ordinary income or capital gains, except when your investment is in an IRA, 401(k) or other tax-advantaged investment plan. However, subsequent withdrawals from such a tax-advantaged investment plan may be subject to federal income tax. You should consult your tax adviser about your specific tax situation.

Payments to Intermediaries

If you purchase a Fund through an intermediary, the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the intermediary and your financial professional to recommend the Fund over another investment. Consult your financial professional or visit your intermediary's website for more information.

Principal Investment Strategies

Under normal circumstances, we invest:

- exclusively in high-quality, short-term, U.S. dollar-denominated money market instruments that consist of U.S. Treasury obligations and repurchase agreements collateralized by U.S. Treasury obligations.

Our security selection is based on several factors, including credit quality, yield and maturity, while taking into account the Fund's overall level of liquidity and weighted average maturity. We will only purchase securities that we have determined present minimal credit risk.

Principal Investment Risks

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not a deposit of Wells Fargo Bank, N.A. or its affiliates and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. About Wells Fargo Government Money Market Funds

All Wells Fargo Government Money Market Funds seek to provide current income, while preserving capital and liquidity by investing in a portfolio of money market instruments. A Fund may have additional investment objectives or restrictions.

Money market instruments are high quality, short-term investments that present minimal credit risk and may include securities such as U.S. Government obligations, bank obligations, corporate bonds, commercial paper, municipal securities, asset- and mortgage-backed securities, and repurchase agreements. All Wells Fargo Government Money Market Funds are managed to meet the requirements of Rule 2a-7 under the Investment Company Act of 1940, as amended ("1940 Act"), which provides that:

- Each Fund will seek to maintain a net asset value of \$1.00 per share.
- Each Fund will only buy securities that have remaining maturities of 397 days or less as determined under Rule 2a-7.
- The dollar-weighted average maturity of each Fund will be 60 days or less.
- The dollar-weighted average life of each Fund will be 120 days or less.
- Each Fund will invest only in U.S. dollar-denominated securities.
- Each Fund will value its assets based on the total market value of all the securities it holds using the amortized cost method.

In order to obtain a rating from a rating organization, some Funds may observe additional investment restrictions.

Details About the Funds

Government Money Market Fund

Investment Objective

The Fund seeks current income, while preserving capital and liquidity.
The Fund's Board of Trustees can change this investment objective without a shareholder vote.

Principal Investment Strategies

Under normal circumstances, we invest:

- exclusively in high-quality, short-term, U.S. dollar-denominated money market instruments that consist of U.S. Government obligations and repurchase agreements collateralized by U.S. Government obligations.

These investments may have fixed, floating, or variable rates of interest.
Our security selection is based on several factors, including credit quality, yield and maturity, while taking into account the Fund's overall level of liquidity and weighted average maturity. We will only purchase securities that we have determined present minimal credit risk.
The Fund may temporarily hold a greater portion of assets in uninvested cash for purposes of maintaining liquidity or for short-term defensive purposes when we believe it is in the best interest of shareholders to do so. During these periods, the Fund may not achieve its objective.
The Fund is primarily subject to the risks mentioned below (in alphabetical order).

- | | |
|----------------------|------------------------------------|
| ■ Credit Risk | ■ Money Market Fund Risk |
| ■ Interest Rate Risk | ■ Repurchase Agreement Risk |
| ■ Management Risk | ■ U.S. Government Obligations Risk |
| ■ Market Risk | |

These and other risks could cause you to lose money in your investment in the Fund and could adversely affect the Fund's net asset value, yield and total return. These risks are described in the "Description of Principal Investment Risks" section.

[Back To Table of Contents](#)

Description of Principal Investment Risks

Understanding the risks involved in mutual fund investing will help you make an informed decision that takes into account your risk tolerance and preferences. The risks that are most likely to have a material effect on a particular Fund as a whole are called “principal risks.” The principal risks for each Fund have been previously identified and are described below. Additional information about the principal risks is included in the Statement of Additional Information.

Credit Risk. The issuer or guarantor of a debt security may be unable or perceived to be unable to pay interest or repay principal when they become due. In these instances, the value of an investment could decline and the Fund could lose money. Credit risk increases as an issuer’s credit quality declines.

Interest Rate Risk. When interest rates rise, the value of debt securities tends to fall. The longer the terms of the debt securities held by a Fund, the more the Fund is subject to this risk. If interest rates decline, interest that the Fund is able to earn on its investments in debt securities may also decline, which could cause the Fund to reduce the dividends it pays to shareholders, but the value of those securities may increase. Some debt securities give the issuers the option to call, redeem or prepay the securities before their maturity dates. If an issuer calls, redeems or prepays a debt security during a time of declining interest rates, the Fund might have to reinvest the proceeds in a security offering a lower yield, and therefore might not benefit from any increase in value as a result of declining interest rates. Changes in market conditions and government policies may lead to periods of heightened volatility in the debt securities market, reduced liquidity for certain Fund investments and an increase in Fund redemptions. Interest rate changes and their impact on the Fund and its share price can be sudden and unpredictable.

Management Risk. Investment decisions, techniques, analyses or models implemented by a Fund’s manager or sub-adviser in seeking to achieve the Fund’s investment objective may not produce the returns expected, may cause the Fund’s shares to lose value or may cause the Fund to underperform other funds with similar investment objectives.

Market Risk. The values of, and/or the income generated by, securities held by a Fund may decline due to general market conditions or other factors, including those directly involving the issuers of such securities. Securities markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments.

Money Market Fund Risk. The Fund’s yield will change based on changes in interest rates and other market conditions. Because the Fund invests in short-term instruments, the Fund’s dividend yields are expected to be low when short-term market interest rates are low.

Repurchase Agreement Risk. In the event that the counterparty to a repurchase agreement is unwilling or unable to fulfill its contractual obligations to repurchase the underlying security, a Fund may lose money, suffer delays, or incur costs arising from holding or selling the underlying security.

U.S. Government Obligations Risk. U.S. Government obligations may be adversely impacted by changes in interest rates, and securities issued or guaranteed by U.S. Government agencies or government-sponsored entities may not be backed by the full faith and credit of the U.S. Government. If a government-sponsored entity is unable to meet its obligations or its creditworthiness declines, the performance of a Fund that holds securities issued or guaranteed by the entity will be adversely impacted.

Portfolio Holdings Information

A description of the Wells Fargo Funds' policies and procedures with respect to disclosure of the Wells Fargo Funds' portfolio holdings is available in the Fund's Statement of Additional Information.

Pricing Fund Shares

A Fund's NAV is the value of a single share. The NAV is calculated each business day at the times reflected below, although a Fund may deviate from these calculation times under unusual or unexpected circumstances. The NAV is calculated separately for each class of shares of a multiple-class Fund. The most recent NAV for each class of a Fund is available at wfam.com. To calculate the NAV of a Fund's shares, the Fund's assets are valued and totaled, liabilities are subtracted, and the balance, called net assets, is divided by the number of shares outstanding.

We calculate the NAV at the following times each business day:

Government Money Market Fund	9:00a.m., 10:00a.m., 11:00a.m., 12:00p.m., 1:00p.m., 2:00p.m.,
Treasury Plus Money Market Fund	3:00p.m., 4:00p.m. and 5:00p.m. (ET)
100% Treasury Money Market Fund	9:00a.m., 10:00a.m., 11:00a.m., 12:00p.m., 1:00p.m. and 4:00p.m. (ET)

Generally, NAV is not calculated, and purchase and redemption requests are not processed, on days that the New York Stock Exchange ("NYSE") is closed for trading; however, a Fund may elect to remain open even on days that the NYSE is closed if the Securities Industry and Financial Markets Association ("SIFMA") recommends that the bond markets remain open. If the markets close early or if SIFMA recommends that the markets close early, a Fund may close early and may calculate its NAV at earlier times under these circumstances. The price at which a purchase or redemption request for Fund shares is processed is based on the next NAV calculated after the request is received in good order. In the case of an exchange order, the exchange order is deemed to be a request for the redemption of shares of one Fund and for the purchase of shares of another Fund, and will be processed at the next time that both Funds calculate their NAVs at the same time. Information on the timing of dividend accrual and settlement in connection with a purchase or redemption of shares can be found in the section of this Prospectus entitled "Buying and Selling Fund Shares."

A Fund's assets are valued using the amortized cost method, in accordance with Rule 2a-7 under the Investment Company Act of 1940, as amended (the "1940 Act"). Portfolio securities are valued at their acquisition cost, adjusted for discounts or premiums reflected in their purchase price regardless of the impact of fluctuating interest rates on the market value of the instrument. This method of valuation is designed to enable a Fund to price its shares at \$1.00 per share, although the value of the Fund's shares based on the mark-to-market valuation method may be more or less than \$1.00 per share.

The Board of Trustees has established procedures designed to monitor a Fund's price per share. The Manager monitors the value of the Fund's shares based on the mark-to-market valuation method and will promptly notify the Board when the Fund's mark-to-market value deviates more than 0.25% from the Fund's established NAV of \$1.00 per share. In the event that the Board determines that a deviation exists that may result in material dilution or other unfair results to shareholders, the Fund will take such corrective action as it deems necessary, which may include, among other things, establishing a NAV of less than or more than \$1.00 per share by using available market quotations or suspending the redemption of shares and liquidating the Fund under Rule 22e-3 under the 1940 Act. See the Statement of Additional Information for additional details regarding the determination of NAVs.

[Back To Table of Contents](#)

Management of the Funds

The Manager

Wells Fargo Funds Management, LLC (“Funds Management”), headquartered at 525 Market Street, San Francisco, CA 94105, provides advisory and Fund-level administrative services to the Funds pursuant to an investment management agreement (the “Management Agreement”). Funds Management is a wholly owned subsidiary of Wells Fargo & Company, a publicly traded diversified financial services company that provides banking, insurance, investment, mortgage and consumer financial services. Funds Management is a registered investment adviser that provides advisory services for registered mutual funds, closed-end funds and other funds and accounts. Funds Management is a part of Wells Fargo Asset Management, the trade name used by the asset management businesses of Wells Fargo & Company.

Funds Management is responsible for implementing the investment objectives and strategies of the Funds. Funds Management’s investment professionals review and analyze the Fund’s performance, including relative to peer funds, and monitor the Fund’s compliance with their investment objectives and strategies. Funds Management is responsible for reporting to the Board on investment performance and other matters affecting the Funds. When appropriate, Funds Management recommends to the Board enhancements to Fund features, including changes to Fund investment objectives, strategies and policies. Funds Management also communicates with shareholders and intermediaries about Fund performance and features.

Funds Management is also responsible for providing Fund-level administrative services to the Fund, which include, among others, providing such services in connection with the Fund’s operations; developing and implementing procedures for monitoring compliance with regulatory requirements and compliance with the Fund’s investment objectives, policies and restrictions; and providing any other Fund-level administrative services reasonably necessary for the operation of the Funds, other than those services that are provided by the Fund’s transfer and dividend disbursing agent, custodian, and fund accountant.

To assist Funds Management in implementing the investment objectives and strategies of the Funds, Funds Management may contract with one or more sub-advisers to provide day-to-day portfolio management services to the Funds. Funds Management employs a team of investment professionals who identify and recommend the initial hiring of any sub-adviser and oversee and monitor the activities of any sub-adviser on an ongoing basis. Funds Management retains overall responsibility for the investment activities of the Funds.

A discussion regarding the basis for the Board’s approval of the Management Agreement and any applicable sub-advisory agreements for each Fund is available in the Fund’s semi-annual report for the period ended July 31st.

For each Fund’s most recent fiscal year end, the management fee paid to Funds Management pursuant to the Management Agreement, net of any applicable waivers and reimbursements, was as follows:

Management Fees Paid

	As a % of average daily net assets
Government Money Market Fund	0.13%
Treasury Plus Money Market Fund	0.14%
100% Treasury Money Market Fund	0.19%

[Back To Table of Contents](#)

The Sub-Adviser

The following sub-adviser provides day-to-day portfolio management services to the Funds. These services include making purchases and sales of securities and other investment assets for the Funds, selecting broker-dealers, negotiating brokerage commission rates and maintaining portfolio transaction records. The sub-adviser is compensated for its services by Funds Management from the fees Funds Management receives for its services as adviser to the Funds.

Wells Capital Management Incorporated ("Wells Capital Management") is a registered investment adviser located at 525 Market Street, San Francisco, CA 94105. Wells Capital Management, an affiliate of Funds Management and indirect wholly owned subsidiary of Wells Fargo & Company, is a multi-boutique asset management firm committed to delivering superior investment services to institutional clients, including mutual funds. Wells Capital Management is a part of Wells Fargo Asset Management, the trade name used by the asset management businesses of Wells Fargo & Company.

Multi-Manager Arrangement

The Funds and Funds Management have obtained an exemptive order from the SEC that permits Funds Management, subject to the approval of the Funds Trust Board, to select certain sub-advisers and enter into or amend sub-advisory agreements with them, without obtaining shareholder approval. The SEC order extends to sub-advisers that are not otherwise affiliated with Funds Management or the Funds, as well as sub-advisers that are wholly-owned subsidiaries of Funds Management or of a company that wholly owns Funds Management ("Multi-Manager Sub-Advisers").

Pursuant to the order, Funds Management, with the approval of the Funds Trust Board, may hire or replace Multi-Manager Sub-Advisers for each Fund that is eligible to rely on the order. Funds Management, subject to the Funds Trust Board's oversight, has the responsibility to oversee Multi-Manager Sub-Advisers and to recommend their hiring, termination and replacement. If a new sub-adviser is hired for a Fund pursuant to the order, the Fund is required to notify shareholders within 90 days. The Funds are not required to disclose the individual fees that Funds Management pays to a Multi-Manager Sub-Adviser.

[Back To Table of Contents](#)

Account Information

Share Class Eligibility

Institutional Class shares are generally available through intermediaries for the accounts of their customers and directly to institutional investors and individuals. Institutional investors may include corporations; private banks and trust companies; endowments and foundations; defined contribution, defined benefit and other employer sponsored retirement plans; institutional retirement plan platforms; insurance companies; registered investment advisor firms; bank trusts; 529 college savings plans; family offices; and fund of funds including those managed by Funds Management. Unless otherwise noted below, the following investors may purchase Institutional Class shares without investing a minimum initial investment amount:

- Employee benefit plan programs;
- Broker-dealer managed account or wrap programs that charge an asset-based fee;
- Registered investment adviser mutual fund wrap programs or other accounts that are charged a fee for advisory, investment, consulting or similar services;
- Private bank and trust company managed account or wrap programs that charge an asset-based fee;
- Internal Revenue Code Section 529 college savings plan accounts;
- Fund of Funds including those advised by Funds Management;
- Affiliated Funds using the Fund to invest cash;
- Investment Management and Trust Departments of Wells Fargo & Company purchasing shares on behalf of their clients;
- Money market trading platforms;
- Any other institutions or customers of intermediaries who invest a minimum initial investment amount of \$10 million in a Fund;
- Individual investors who invest a minimum initial investment amount of \$10 million directly with a Fund; and
- Certain investors and related accounts as detailed in the Fund's Statement of Additional Information.

Any of the minimum initial investment amount waivers listed above may be modified or discontinued at any time.

Your Fund may offer other classes of shares in addition to those offered through this Prospectus. You may be eligible to invest in one or more of these other classes of shares. Each share class bears varying expenses and may differ in other features. Consult your financial professional for more information regarding a Fund's available share classes.

The information in this Prospectus is not intended for distribution to, or use by, any person or entity in any non-U.S. jurisdiction or country where such distribution or use would be contrary to any law or regulation, or which would subject Fund shares to any registration requirement within such jurisdiction or country.

Compensation to Financial Professionals and Intermediaries

In addition to dealer reallowances and payments made by certain classes of each Fund for distribution and shareholder servicing, the Fund's manager, the distributor or their affiliates make additional payments ("Additional Payments") to certain financial professionals and intermediaries for selling shares and providing shareholder services, which include broker-dealers and 401(k) service providers and record keepers. These Additional Payments, which may be significant, are paid by the Fund's manager, the distributor or their affiliates, out of their revenues, which generally come directly or indirectly from Fund fees.

In return for these Additional Payments, each Fund's manager and distributor expect the Fund to receive certain marketing or servicing considerations that are not generally available to mutual funds whose sponsors do not make such payments. Such considerations are expected to include, without limitation, placement of the Fund on a list of mutual funds offered as investment options to the intermediary's clients (sometimes referred to as "Shelf Space"); access to the intermediary's financial professionals; and/or the ability to assist in training and educating the intermediary's financial professionals.

The Additional Payments may create potential conflicts of interest between an investor and a financial professional or intermediary who is recommending or making available a particular mutual fund over other mutual funds. Before investing, you should consult with your financial professional and review carefully any disclosure by the intermediary as to what compensation the intermediary receives from mutual fund sponsors, as well as how your financial professional is compensated.

[Back To Table of Contents](#)

The Additional Payments are typically paid in fixed dollar amounts, based on the number of customer accounts maintained by an intermediary, or based on a percentage of sales and/or assets under management, or a combination of the above. The Additional Payments are either up-front or ongoing or both and differ among intermediaries. In a given year, Additional Payments to an intermediary that is compensated based on its customers' assets typically range between 0.02% and 0.25% of assets invested in a Fund by the intermediary's customers. Additional Payments to an intermediary that is compensated based on a percentage of sales typically range between 0.10% and 0.25% of the gross sales of a Fund attributable to the financial intermediary.

More information on the FINRA member firms that have received the Additional Payments described in this section is available in the Statement of Additional Information, which is on file with the SEC and is also available on the Wells Fargo Funds website at wfam.com.

Buying and Selling Fund Shares

For more information regarding buying and selling Fund shares, please visit wfam.com. You may buy (purchase) and sell (redeem) Fund shares as follows:

	Opening an Account	Adding to an Account or Selling Fund Shares
Through Your Financial Professional	Contact your financial professional. Transactions will be subject to the terms of your account with your intermediary.	Contact your financial professional. Transactions will be subject to the terms of your account with your intermediary.
Through Your Retirement Plan	Contact your retirement plan administrator. Transactions will be subject to the terms of your retirement plan account.	Contact your retirement plan administrator. Transactions will be subject to the terms of your retirement plan account.
Online	New accounts cannot be opened online. Contact your financial professional or retirement plan administrator, or refer to the section on opening an account by mail.	Visit wfam.com. Online transactions are limited to a maximum of \$100,000. You may be eligible for an exception to this maximum. Please call Investor Services at 1-800-222-8222 for more information.
By Telephone	Call Investor Services at 1-800-222-8222. Available only if you have another Wells Fargo Fund account with your bank information on file.	Call Investor Services at 1-800-222-8222. Redemption requests may not be made by phone if the address on your account was changed in the last 15 days. In this event, you must request your redemption by mail. For joint accounts, telephone requests generally require only one of the account owners to call unless you have instructed us otherwise.
By Mail	Complete an account application and submit it according to the instructions on the application. Account applications are available online at wfam.com or by calling Investor Services at 1-800-222-8222.	Send the items required under "Requests in Good Order" below to: <u>Regular Mail</u> Wells Fargo Funds P.O. Box 219967 Kansas City, MO 64121-9967 <u>Overnight Only</u> Wells Fargo Funds 430 W 7th Street STE 219967 Kansas City, MO 64105-1407

Requests in “Good Order”. All purchase and redemption requests must be received in “good order.” This means that a request generally must include:

- The Fund name(s), share class(es) and account number(s);
- The amount (in dollars or shares) and type (purchase or redemption) of the request;
- If by mail, the signature of each registered owner as it appears in the account application;
- For purchase requests, payment of the full amount of the purchase request (see “Payment” below); and
- Any supporting legal documentation that may be required.

[Back To Table of Contents](#)

Purchase and redemption requests in good order will be processed at the next NAV calculated after the Fund's transfer agent or an authorized intermediary¹ receives your request. If your request is not received in good order, additional documentation may be required to process your transaction. We reserve the right to waive any of the above requirements.

1. The Fund's shares may be purchased through an intermediary that has entered into a dealer agreement with the Fund's distributor. The Fund has approved the acceptance of a purchase or redemption request effective as of the time of its receipt by such an authorized intermediary or its designee, as long as the request is received by one of those entities prior to the Fund's closing time. These intermediaries may charge transaction fees. We reserve the right to adjust the closing time in certain circumstances.

Payment. Payment for Fund shares may be made as follows:

By Wire	<p>Purchases into a new or existing account may be funded by using the following wire instructions:</p> <p>State Street Bank & Trust Boston, MA Bank Routing Number: ABA 011000028 Wire Purchase Account: 9905-437-1 Attention: Wells Fargo Funds (Name of Fund, Account Number and any applicable share class) Account Name: Provide your name as registered on the Fund account or as included in your account application.</p>
By Check	Make checks payable to Wells Fargo Funds.
By Exchange	Identify an identically registered Wells Fargo Fund account from which you wish to exchange (see "Exchanging Fund Shares" below for restrictions on exchanges).
By Electronic Funds Transfer ("EFT")	Additional purchases for existing accounts may be funded by EFT using your linked bank account.

All payments must be in U.S. dollars, and all checks and EFTs must be drawn on U.S. banks. You will be charged a \$25.00 fee for every check or EFT that is returned to us as unpaid.

Form of Redemption Proceeds. You may request that your redemption proceeds be sent to you by check, by EFT into a linked bank account, or by wire to a linked bank account. Please call Investor Services at 1-800-222-8222 regarding the requirements for linking bank accounts or for wiring funds. Under normal circumstances, we expect to meet redemption requests either by using uninvested cash or cash equivalents or by using the proceeds from the sale of portfolio securities, at the discretion of the portfolio manager(s). The Wells Fargo Funds may also borrow through a bank line of credit for the purpose of meeting redemption requests, although we do not expect to draw funds from this source on a regular basis. In lieu of making cash payments, we reserve the right to determine in our sole discretion, including under stressed market conditions, whether to satisfy redemption requests by making payments in securities. In such cases, we may meet all or part of a redemption request by making payment in securities equal in value to the amount of the redemption payable to you as permitted under the 1940 Act, and the rules thereunder, in which case the redeeming shareholder should expect to incur transaction costs upon the disposition of any securities received.

Timing of Redemption Proceeds/Right to Delay Payment. For the 100% Treasury Money Market Fund, we can delay the payment of a redemption for up to seven days. We may delay the payment of a redemption for longer than seven days under extraordinary circumstances. For the Government Money Market Fund and Treasury Plus Money Market Fund, we can delay the payment of a redemption for longer than one day if there is a non-routine closure of the Fedwire or Federal Reserve Bank or under extraordinary circumstances.

We normally send out checks within one business day after we accept your request to redeem. We reserve the right to delay payment for up to seven days. If you wish to redeem shares purchased by check, by EFT or through the Automatic Investment Plan within seven days of purchase, you may be asked to resubmit your redemption request if your payment has not yet cleared. Redemption payments may be delayed under extraordinary circumstances or as permitted by the SEC in order to protect remaining shareholders.

Under the extraordinary circumstances discussed under Section 22(e) under the Investment Company Act of 1940, as amended, we may suspend the right of redemption or postpone the date of payment of a redemption for longer than one day for Government Money Market Fund and Treasury Plus Money Market Fund, and for longer than seven days for the 100% Treasury Money

Market Fund. Generally, those extraordinary circumstances are when: (i) the New York Stock Exchange is closed or trading thereon is restricted; (ii) an emergency exists which makes the disposal by a Fund of securities it owns, or the fair determination of the value of the Fund's net assets not reasonable practical; or (iii) the SEC, by order, permits the suspension of the right of redemption for the protection of shareholders.

[Back To Table of Contents](#)

Payment of Dividends. Requests for redemption proceeds by check or Electronic Funds Transfer that are received in good order will be sent out by the next business day after receipt and will earn a dividend until the day such proceeds are sent.

Redemption Orders. Wire redemptions will be processed and earn dividends as listed in the table below.

If a Request is Received in Good Order:	Proceeds Wired	Dividends
100% Treasury Money Market Fund		
By 1:00 p.m. (ET)	Same Business Day	Not earned on day of request
After 1:00 p.m. (ET)	Next Business Day	Earned on day of request
Government Money Market Fund Treasury Plus Money Market Fund		
By 5:00 p.m. (ET)	Same Business Day	Not earned on day of request
After 5:00 p.m. (ET)	Next Business Day	Earned on day of request

Retirement Plans and Other Products. If you purchased shares through a packaged investment product or retirement plan, read the directions for selling shares provided by the product or plan. There may be special requirements that supercede the directions in this Prospectus.

Exchanging Fund Shares

Exchanges between two funds involve two transactions: (1) the redemption of shares of one fund; and (2) the purchase of shares of another. In general, the same rules and procedures described under "Buying and Selling Fund Shares" apply to exchanges. There are, however, additional policies and considerations you should keep in mind while making or considering an exchange:

- In general, exchanges may be made between like share classes of any fund in the Wells Fargo Funds complex offered to the general public for investment (i.e., a fund not closed to new accounts), with the following exceptions: (1) Class A shares of non-money market funds may also be exchanged for Service Class shares of any retail or government money market fund; (2) Service Class shares may be exchanged for Class A shares of any non-money market fund; and (3) no exchanges are allowed into institutional money market funds.
- If you make an exchange between Class A shares of a money market fund and Class A shares of a non-money market fund, you will buy the shares at the public offering price of the new fund, unless you are otherwise eligible to buy shares at NAV.
- Same-fund exchanges between share classes are permitted subject to the following conditions: (1) the shareholder must meet the eligibility guidelines of the class being purchased in the exchange; (2) exchanges out of Class A and Class C shares would not be allowed if shares are subject to a CDSC; and (3) for non-money market funds, in order to exchange into Class A shares, the shareholder must be able to qualify to purchase Class A shares at NAV based on current Prospectus guidelines.
- An exchange request will be processed on the same business day, provided that both funds are open at the time the request is received. If one or both funds are closed, the exchange will be processed on the following business day.
- You should carefully read the Prospectus for the Fund into which you wish to exchange.
- Every exchange involves redeeming fund shares, which may produce a capital gain or loss for tax purposes.
- If you are making an initial investment into a fund through an exchange, you must exchange at least the minimum initial investment amount for the new fund, unless your balance has fallen below that amount due to investment performance.

- If you are making an additional investment into a fund that you already own through an exchange, you must exchange at least the minimum subsequent investment amount for the fund you are exchanging into.
- Class C share exchanges will not trigger a CDSC. The new shares received in the exchange will continue to age according to the original shares' CDSC schedule and will be charged the CDSC applicable to the original shares upon redemption.

Generally, we will notify you at least 60 days in advance of any changes in the above exchange policies.

[Back To Table of Contents](#)

Frequent Purchases and Redemptions of Fund Shares

Excessive trading by Fund shareholders can negatively impact a Fund and its long-term shareholders by increasing expenses or lowering returns. However, money market funds, which are typically utilized by investors for cash management purposes and invest in highly liquid securities, are not as susceptible to these negative effects as non-money market Funds.

Although the policies adopted by the Funds do not prohibit frequent trading between money market Funds, Funds Management will seek to prevent an investor from utilizing a money market Fund to facilitate frequent purchases and redemptions of shares in non-money market Funds. If Funds Management determines that an investor has engaged in timing activities in contravention of the Funds' policies (as described in the prospectus for the non-money market Fund), Funds Management will prevent such investor from investing in the non-money market Fund for a period of 30 calendar days.

In addition, Funds Management reserves the right to accept purchases, redemptions and exchanges made in excess of applicable trading restrictions in designated accounts held by Funds Management or its affiliate that are used at all times exclusively for addressing operational matters related to shareholder accounts, such as testing of account functions, and are maintained at low balances that do not exceed specified dollar amount limitations.

Account Policies

Advance Notice of Large Transactions

We strongly urge you to begin all purchases and redemptions as early in the day as possible and to notify us at least one day in advance of transactions in excess of \$50,000,000. This will allow us to manage your Fund most effectively. When you give us this advance notice, you must provide us with your name and account number.

Householding. To help keep Fund expenses low, a single copy of a Prospectus or shareholder report may be sent to shareholders of the same household. If your household currently receives a single copy of a Prospectus or shareholder report and you would prefer to receive multiple copies, please call Investor Services at 1-800-222-8222 or contact your financial professional.

Retirement Accounts.

We offer a variety of retirement account types for individuals and small businesses. There may be special distribution requirements for a retirement account, such as required distributions or mandatory Federal income tax withholdings. For more information about the retirement accounts listed below, including any distribution requirements, call Investor Services at 1-800-222-8222. For retirement accounts held directly with a Fund, certain fees may apply including an annual account maintenance fee. The retirement accounts available for individuals and small businesses are:

- Individual Retirement Accounts, including Traditional IRAs and Roth IRAs.
- Small business retirement accounts, including Simple IRAs and SEP IRAs.

Small Account Redemptions.

We reserve the right to redeem accounts that have values that fall below a Fund's minimum initial investment amount due to shareholder redemptions (as opposed to market movement). Before doing so, we will give you approximately 60 days to bring your account value above the Fund's minimum initial investment amount. Please call Investor Services at 1-800-222-8222 or contact your financial professional for further details.

Transaction Authorizations.

We may accept telephone, electronic, and clearing agency transaction instructions from anyone who represents that he or she is a shareholder and provides reasonable confirmation of his or her identity. Neither we nor Wells Fargo Funds will be liable for any losses incurred if we follow such instructions we reasonably believe to be genuine. For transactions through our website, we may assign personal identification numbers (PINs) and you will need to create a login ID and password for account access. To safeguard your account, please keep these credentials confidential. Contact us immediately if you believe there is a discrepancy on your confirmation statement or if you believe someone has obtained unauthorized access to your online access credentials.

Identity Verification.

We are required by law to obtain from you certain personal information that will be used to verify your identity. If you do not provide the information, we will not be able to open your account. In the rare event that we are unable to verify

[Back To Table of Contents](#)

your identity as required by law, we reserve the right to redeem your account at the current NAV of the Fund’s shares. You will be responsible for any losses, taxes, expenses, fees, or other results of such a redemption.

Right to Freeze Accounts, Suspend Account Services or Reject or Terminate an Investment.

We reserve the right, to the extent permitted by law and/or regulations, to freeze any account or suspend account services when we have received reasonable notice (written or otherwise) of a dispute between registered or beneficial account owners or when we believe a fraudulent transaction may occur or has occurred. Additionally, we reserve the right to reject any purchase or exchange request and to terminate a shareholder’s investment, including closing the shareholder’s account.

Distributions

The Funds declare distributions of net investment income, if any, daily, and make such distributions, if any, monthly. The Funds generally make distributions of realized net capital gains, if any, annually. Your distributions will be automatically reinvested in additional shares, unless you or your Institution directs otherwise. Your other options are to receive checks for these payments, have them automatically invested in the same class of another Wells Fargo Fund, or have them deposited into your bank account. With the check payment option, if checks remain uncashed for six months or are undeliverable by the Post Office, we will reinvest the distributions at the earliest date possible, and future distributions will be automatically reinvested. To change the current option for payment of distributions, please contact your Institution.

Earning Distributions. Assuming the purchase amount is received by the Funds’ custodian no later than the close of the Fedwire, which is normally 6:00 p.m. (ET), dividends will accrue as follows:

If a Request is Received in Good Order:		Dividends Begin to Accrue:
100% Treasury Money Market Fund		
■ By 1:00 p.m. (ET)		Same Business Day
■ After 1:00 p.m. (ET)		Next Business Day
Government Money Market Fund		
Treasury Plus Money Market Fund		
■ By 5:00 p.m. (ET)		Same Business Day
■ After 5:00 p.m. (ET)		Next Business Day

[Back To Table of Contents](#)

Other Information

Taxes

The following discussion regarding income taxes is based on laws that were in effect as of the date of this Prospectus and summarizes only some of the important federal and state income tax considerations affecting the Funds and you as a shareholder. It does not apply to foreign or tax-exempt shareholders or those holding Fund shares through a tax-advantaged account, such as a 401(k) Plan or IRA. This discussion is not intended as a substitute for careful tax planning. You should consult your tax adviser about your specific tax situation. Please see the Statement of Additional Information for additional income tax information.

We will pass on to a Fund's shareholders substantially all of the Fund's net investment income and realized net capital gains, if any.

Distributions of ordinary income attributable to all sources, if any, generally will be taxable to you as ordinary income. Distributions of net investment income from the 100% Treasury Money Market Fund generally will be exempt in most jurisdictions from state and local individual income taxes, but may not be exempt from state and local corporate income and/or franchise taxes.

Although the Funds do not expect to realize any capital gain, distributions of a Fund's net short-term capital gain, if any, generally will be taxable to you as ordinary income and distributions from a Fund's net long-term capital gain, if any, generally will be taxable to you as long-term capital gain. Corporate shareholders should not expect to deduct a portion of their distributions when determining their taxable income. In general, distributions also will not qualify for reductions in federal income taxation of dividends payable to individuals from certain domestic and foreign corporations.

To the extent a distribution from a Fund is taxable, such distributions will be taxable to you when paid, whether you take distributions in cash or automatically reinvest them in additional Fund shares. Following the end of each year, we will notify you of the federal income tax status of your distributions for the year.

Individual taxpayers are subject to tax on ordinary income at a maximum rate of 37% and the maximum tax rate on long-term capital gains and qualified dividends is 20%. For U.S. individuals with income exceeding \$200,000 (\$250,000 if married and filing jointly), a 3.8% Medicare contribution tax applies on "net investment income," including interest, dividends, and capital gains. In certain circumstances, Fund shareholders may be subject to back-up withholding taxes.

As long as a Fund continually maintains a \$1.00 NAV, you ordinarily will not recognize a taxable gain or loss on the redemption or exchange of your Fund shares.

[Back To Table of Contents](#)

Financial Highlights

The following tables are intended to help you understand a Fund's financial performance for the past five years (or since inception, if shorter). Certain information reflects financial results for a single Fund share. Total returns represent the rate you would have earned (or lost) on an investment in each Fund (assuming reinvestment of all distributions). The information in the following tables has been derived from the Fund's financial statements, which have been audited by KPMG LLP, the Funds' independent registered public accounting firm, whose report, along with each Fund's financial statements, is also included in each Fund's annual report, a copy of which is available upon request.

Government Money Market Fund

For a share outstanding throughout each period

	Year ended January 31				
Institutional Class	2019	2018	2017	2016	2015
Net asset value, beginning of period	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
Net investment income	0.02	0.01	0.00 ¹	0.00 ¹	0.00 ¹
